## Harriet B. Webster Task Force Welcomes Back Old Members and New!

Harriet B. Webster Task Force Student Ambassadors welcome old members and new for another excellent year.

Last year was also an excellent year! A few activities that Student Ambassadors accomplished were the field trip to Alabama and Atlanta, GA in order to explore and learn about the exciting trials and tribulations of the Civil Rights Movement, and volunteering at the Central North Carolina Food Bank in Raleigh to give back to the community.

This year, we plan to move ahead and tackle issues about hunger, homelessness, and pov-

erty through community service and placing our feet in another person's shoes. Our new community service outing called "Night in a Box" will allow us to do just that!

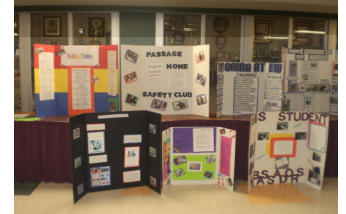

### Night in a Box

allows participants to gain insight on people that are homeless by literally having participants sleep in a box for one night. Also, there will be guest speakers and spoken word artists that will make appearances to enlighten us on the struggles of being

homeless. This activity has been done before by the Interfaith Hospitality Network of Hunterdon County, New Jersey.

Also, we plan to enforce more casual outings and community service outings in order to bond and reach our goal of understanding and carrying out servant leadership in our community.
